

SEOC Recycling Committee – Mission Statement

The Recycling committee is an ad hoc committee of the SEOC. The Committee is committed to providing a variety of support to the residents of eastern Oklahoma County relating to establishing or enhancing recycling, materials reuse, and waste reduction opportunities and programs in the area.

Activities include but are not limited to:

- ◆ Gathering and disseminating information about the costs and benefits of recycling as a residential practice,
- ◆ Responding to inquiries from local businesses and industry on how they can initiate recycling programs for their organizations,
- ◆ Providing knowledge of how recycling programs are being undertaken in other parts of the area and nationally to residents and local communities,
- ◆ Establishing and providing oversight of recycling and reuse projects within the area, including such efforts as Adopt-A-Street,
- ◆ Community outreach on America Recycles Day in November and other notable dates during the year, and
- ◆ Other activities relating to materials reuse, waste reduction and recycling as suggested by committee members.
